

Dear AFSCME Units 2-7,

Since reaching a **Tentative Agreement** with the State of Minnesota, we've received many thoughtful questions from members about what this agreement means, what comes next, and how to stay involved.

To help answer those questions and keep everyone informed, we've put together a **Frequently Asked Questions (FAQ)** document that highlights the key wins, explains the voting process, and outlines next steps in our contract campaign.

[Please click here to see the attached FAQ](#) for details about:

- What's included in the Tentative Agreement
- How and when voting will happen
- What happens if the agreement is ratified or rejected
- Why your membership and solidarity continue to matter

If you have additional questions after reviewing the FAQ, please don't hesitate to reach out to your **field representative** or contact the **Member Action Center (MAC)** at **(651) 450-4990**.

Solidarity isn't just a word, it's the reason we win. Let's keep building power together!

In solidarity,

Joel Hoffman, President

State Employee Policy Committee

Crystal Kreklow, State Field Director

AFSCME Council 5
